

Application for Membership – WJA Codes of Practice: Key Topics

This guidance sheet details the key topics referred to in WJA member application forms to assist applicants in providing supporting evidence.

The topics shown are for guidance only. Applicants are expected to comply with all WJA membership conditions, including the WJA Professional Charter, to establish safe systems of work that satisfy all regulatory and legal requirements.

WJA Blue Code of Practice – High pressure and ultra-high pressure water jetting equipment

No	Topic	Section
1	Test certificates, calibration, relief valves, gauges	13.0 and 18.3.3
2	Maintenance records and schedules	13.0 and 18.0 (especially 18.5)
3	Training certificates and records	4.2.6 and Appendix 7
4	Competence	4.2.5, 5.02 and Appendix 7
5	CE certificates	13.2.1
6	Hose register and certificates	14.3.1 and 14.3.2
7	PPE register and use	7.12 and Appendix 9
8	Noise and vibration register	6.5 and 6.6
9	Medical register and health surveillance	6.0.1 and 7.12.3
10	Incident statistics and medical notes	6.0 and Appendix 4
11	Frost precautions	10.0
12	COSHH register and identification sheet	12.0 and 19.6.2
13	Manufacturer manuals and operator instruction	13.0
14	Waste disposal, including carrier licences	11.0
15	Pre-start checks	17.4
16	Risk assessments	2.03, 17.4 and Appendix 6
17	Team organisation and duties (including method statements)	8.0
18	Daily safety checklist and pre-start checklist	Appendix 1
19	Safe use of water jetting equipment	17.0 (emphasis on jetting guns 17.6)

WJA Blue Code of Practice – High pressure and ultra-high pressure water jetting equipment

No	Topic	Section
1	Test certificates, calibration, relief valves, gauges	17.0 and 20.4
2	Maintenance records and schedules	20.0 to 20.5
3	Training certificates and records	4.0 to 4.2.6
4	Competence	5.0 and 20.4
5	CE Certificates	15.2
6	Hose register and certificates	16.0 to 16.5.5 and Appendices 2 and 3
7	PPE register	7.0 to 7.12.3
8	Water jetting injuries and incident statistics	Appendix 4
9	Noise and vibration registers	6.5 and 6.6
10	Medical register and health surveillance	6.0 to 6.14
11	COSHH register and identification sheet	13.0
12	Manufacturer manuals and operator instructions	15.0
13	Waste disposal	14.0
14	Water jetting – organisation and duties	8.0
15	Risk assessments and method statements	11.4 and Appendix 6
16	Daily safety checks, pre-start check list and frost precautions	Section 10.0 and Appendix 1
17	Permit to work	Appendix 7
18	Safe use of water jetting equipment	18.0 to 21.28
19	Jetting guns	21.0
